

CAMP CHAVERIM

Parent Testimonials

#218

When we were looking for a camp for our son it was a very very difficult decision. He was nervous to go because he was very insecure about being with friends. He was severely bullied at his school by a couple of boys and he was concerned that that will continue to any camps that he goes. When we find out about Camp Chaverim and we saw that their emphasis was on zero tolerance for bullying and creating friends, we were excited about the opportunity having him join a camp that he will feel comfortable. Thanks to Hashem results were far better than expected! Not only did he feel comfortable with the staff and everyone involved was so nice to him, he legitimately felt for the first time that the kids really love him for the person he is. He really enjoyed the weeks in camp and came back a complete different person! He basically told us the kids could still love me for who I am. Thank you so much for doing this for our son! May Hashem pay you back for what you have done for him!

My husband and I both were very impressed with camp Chaverim. Our son was more timid going into camp and he came home having gained a lot of self confidence. The counselors and staff go above and beyond developing beautiful relationships with the campers. My son has made friendships that will last and memories of a great summer that will remain forever.

Mamash, we have such massive overflowing hakaras hatov to you and the camp for everything you did in ensuring this summer happened for him and for his entire experience. Our small blurb below just scrapes the surface of how awesome and amazing camp was for him. It was tremendous, and we are still seeing the effects... Camp Chaverim was an absolute life changing experience for our son! When he was younger, he was often bullied by peers and classmates. He also had trouble in school. Camp Chaverim gave him an opportunity for a fresh start. He had a very positive experience with the camp staff, who were excellent role models, and who, in their warm and positive way, were dedicated to ensuring that our son had the summer of his life! Equally as important is that for the first time in his life he fit in perfectly with a fantastic group of kids his own age! He developed invaluable friendships with his bunkmates and peers, and returned home a happier and more confident kid. In fact, on an almost daily basis since camp has ended, the boys in his bunk chat and email, maintaining a close bond. We are so grateful he has had this opportunity! We definitely plan to send him back next year.

After being in camp, part of an incredible chevre, my son came home with a boost of confidence I didn't even know he needed. He jumped right into school activities, meeting up with friends and going out to night seder.

#103

When we signed our son up for camp, our goal was for him to have fun and make a few friends. To our great surprise, our son not only made a bunch of friends, but he has had a major boost in self-esteem and majorly improved on his middos and social skills. The staff care so much about each boy and work with them to build confidence and behave with middos tovos. Camp Chaverim is the best sleep away camp for our son! He can't wait to go back!
